Removal of Test Site Marking from Trace Code

Description

NXP Semiconductors announces the standardization of trace code marking for the devices associated with this notification. The test site character will be removed from the product part marking for those parts that currently include it. Part traceability is not affected by this change. Customers will continue to receive both trace code markings until inventory is depleted.

After WW29 (20Jul'19) customers can expect to see either trace code markings.

Corresponding ZVEI Delta Qualification Matrix ID: SEM-PA-13

Reason

NXP is standardizing the trace code marking.

Identification of Affected Products

Top side marking

See attached file with examples of new marking.

Update Information

This Update has one additional device:
9353 585 82528 / S912XDT512J1MAAR
No other changes in this Update Notification.

Anticipated Impact on Form, Fit, Function, Reliability or Quality

No impact to fit, function, reliability or quality - only impacts form.

Disposition of Old Products

Existing inventory will be shipped until depleted

Contact and Support

For all inquiries regarding the ePCN tool application or access issues, please contact NXP "Global Quality Support Team".

For all Quality Notification content inquiries, please contact your local NXP Sales Support team.

For specific questions on this notice or the products affected please contact our specialist directly:

Name My Ha
Position Supply Chain Business Process
e-mail address my.ha@nxp.com

At NXP Semiconductors we are constantly striving to improve our product and processes to ensure they reach the highest possible Quality Standards.
Customer Focus, Passion to Win.

NXP Quality Management Team.

About NXP Semiconductors

NXP Semiconductors N.V. (NASDAQ: NXPI) provides High Performance Mixed Signal and Standard Product solutions that leverage its leading RF, Analog, Power Management, Interface, Security and Digital Processing expertise. These innovations are used in a wide range of automotive, identification, wireless infrastructure, lighting, industrial, mobile, consumer and computing applications.

You have received this email because you are a designated contact or subscribed to NXP Quality Notifications. NXP shall not be held liable if this Notification is not correctly distributed within your organization.
